### Unit 17 Poplar River Mine Bargaining Update

Last night, the Brothers and Sisters of IBEW Local 2067 Poplar River Mine voted overwhelmingly in favour of job action. At this time, we are still hopeful that an acceptable agreement may be reached without the requirement of job action.

Should an agreement not be reached and job action required we would ask that the membership support unit 17 in their fight for a fair, acceptable contract. Unit 17 has now been without an agreement for 21 months and is not subject to the government mandates as they work for a private employer.

Information will be provided to the membership after new developments in the process.
