Update

Brothers and Sisters, on Thursday August 9, 2018 the International Brotherhood of Electrical Workers Local 2067, Unit 17 and Westmoreland Coal Company, Poplar River Mines were able to come to terms on a tentative agreement avoiding job action that had been scheduled to commence August 10, 2018.

On August 20 and 22 we will meet with Westmoreland to finalize a memorandum to be presented to the membership for ratification, with the desire to have the memorandum meetings scheduled in early September.

The monetary highlights of the package would be a 4.5% increase effective September 1, 2018, 2.5% December 1, 2018 and 2.5% December 1, 2019. There are additional monies in lump-sum values based on split of the 4.5% increase over the previous 22 months and will be explained in detail in the memorandum so each member will understand exactly what they can expect to see in gains for the term of the agreement.

I personally thank each and everyone one of you for the patience and support you afforded to the Bargaining Committee, as a deal would not have been possible without that support and direction.

I would also like to thank the Bargaining Committee for the contributions they made in securing a memorandum through one of the most difficult bargaining sessions in the history of the Local. Through their strength and perseverance we were able to overcome some very tense and stressful bargaining sessions.

In Solidarity,
Jason Tibbs
