2019 Canadian Utility Safety Conference

Brothers and Sisters,

International Brotherhood of Electrical Workers Canada established a utility-based safety conference to discuss safety topics with specific relevance to the utility industry. It was created as there was not ability to provide enough time at the IBEW All Canada Progress meeting, due to already tight schedules. The meetings are hosted semi-annually among locals with utility representation. IBEW Local 2067 has been chosen to host the spring 2019 Canadian Utility Safety Conference meeting.

The spring 2019 Canadian Utility Safety Conference is being held in Saskatoon on Tuesday May 14 and Wednesday May 15.

If anyone is interested in attending, please respond to this email at your earliest convenience.
