

From The Hall

I.B.E.W. Local 2067

Newsletter #16 / May 1, 2019

Congratulations to the Brothers and Sisters of IBEW Local 2067 working safely at Boundary Dam Power Station in Estevan. Boundary Dam recently hit the milestone of 1050 days without a Lost Time Injury, this is a significant achievement and one that deserves recognition. It's because of our members attitudes towards safety that targets of 1000 days are not just obtainable but can be surpassed. We still have a long way to go in improving our safety culture and still have many lessons that can be learned on how things can be improved to ensure continued success but what the workforce at BDPS has done is simple remarkable. We thank you for being leaders of Safety in your work environment and look forward to seeing the next milestone reached.

It is my sincerest regrets that I cannot be there in personal to celebrate the achievement on May 2nd but unfortunately we were only informed late yesterday that the 1050 days was being recognized and as such I was unable to alter my schedule to permit attendance. I will work on getting a better communication with the company when achievements like this are reached as I we always want to be involved in celebrating the things our members are good at.

Congratulations to our IBEW members, UNIFOR members and management on reaching 1050 days without a Lost Time Injury.
