ACTIMS Women in Trades Awards & Bursary Program 2020

Good Morning,

Last year, ACTIMS held the fourth *Women in Trades Awards & Bursary Program* for members of the Building Trades who are working in the heavy industrial construction/maintenance industries in Canada. From the dozens of applications received, we were able to recognize three (3) women from various Locals across the country who demonstrated excellence, integrity, and leadership in their respective trades at their workplace.

Once again, ACTIMS will be commencing the program for 2020, and is hoping to attract even more participation in the upcoming year!

The information package that outlines the program in detail, and an application form, which interested candidates must complete and return with their pertinent documents (can be found on the IBEW Local 2067 website), to the ACTIMS office. Applications can be submitted from February 1th through till April 30th.

We request that you distribute the attached package to all of your affiliates in order for the program to receive the maximum coverage within the building trades community.

A tripartite committee comprised of members of the ACTIMS Board of Directors will assess the applications during the month of May, and present their recommendations to the full Board for approval. Winners will be recognized at the ACTIMS Annual General meeting in July 2020.

Please note that this information and the application form can also be downloaded from the ACTIMS website www.actims.ca

If you have any questions or require further clarification, please don't hesitate to contact me.

Thank you,

Karlee Ainslie
Senior Administrative Assistant
