Newsletter #9 / March 27, 2020

Covid 19

The Covid 19 Pandemic has presented an extra-ordinary, and unprecedented set of challenges for all our Members, and for our Companies. It has been a challenging time for everyone. Working together is so important. It has been a couple of busy weeks. With SaskPower, plans have been put in place and are in the process of being implemented with the affected members and the union office. It is working and we thank all that helped. We are asking our Members to clearly understand, co-operate and communicate with us. This is a temporary period and we all need to work together.

Safety for fellow employees, our families and the public are our biggest concern. Please ensure cleanliness, handwashing, social distancing. If you are sick do not put others at risk. When sharing tools or equipment, use proper cleaning products. Workstations and shops need to be clean and disinfect often. Wear protective gear. Be responsible and be a Leader.

IBEW Local 2067 will continue to use our resources and knowledge to help our members get through this difficult time. Please reach out to the Business Office with question and concerns and we will respond as soon as possible. The IBEW will never compromise on your safety, and we will always do our utmost to provide our Employers with the best trained, skilled, and knowledgeable workforce – you.
